CHEW NOT ANTI-CHEW TRAINING AID FOR PUPPIES & DOGS

- * Breaks bad chewing habits
- * Bitter taste deterrent
- * With Tea Tree essential oil to help soothe hot spots

DIRECTIONS: Apply bitter spray topically. May be used on chewing surfaces and directly on pets' skin and fur. Avoid spraying around the eye area. Repeat as often as needed. Chewing is a hard habit to break, so allow days or up to weeks depending on your pet's training capabilities.

CHEW NOT Anti-Chew Training Aid - 8 oz. #05040 - 12 cs.

Always pre-test on hidden area before using for color fastness and spotting. If color loss or spotting occurs, DO NOT USE!

- * Fabric
- * Furniture
- * Electrical Cords
- * Anything Water Safe
